The full list of venues required to deploy SafeEntry Gateway can be found on the SafeEntry website (go.gov.sg/gateway-overview).

5 Country and recreation clubs must put in place measures that are in line with MOH's safe management measures, Enterprise Singapore's requirements for F&B and retail outlets, SportSG requirements for sports and physical activities, MOM's requirements for workplaces and work-related events, and any other relevant requirement or guidelines by Government agencies on the most recent safe management measures¹:

6 Clubs must also adopt the following SMMs to mitigate the risk of transmission between facility users:

For non-air conditioned spaces, windows should be kept open and additional fans should be put in place where possible.
- b. For **sports facilities** (e.g. hard courts, swimming pools), please refer to the sports sector enterprises advisory on <https://covid.gobusiness.gov.sg/safemanagement/sector/> for more detailed SMMs.

²In addition to Pfizer-BioNTech/Comirnaty and Moderna, WHO EUL vaccines include Sinovac-CoronaVac, Sinopharm, and AstraZeneca. Individuals who are vaccinated with WHO-EUL vaccines will be considered as fully vaccinated and therefore eligible for vaccination-differentiated SMMs only if their vaccination records have been captured in MOH's national IT systems. Please refer to [MOH's Post Vaccination Matters website](#) for more information.

- i. **[Updated]** Training, workshops and classes (excluding exercise classes). They may also be used for training, workshops and classes provided by permitted training providers or instructors, up to a total of 50 persons (including any instructors) or a lower number depending on the room's size and safe distancing requirements. Separate SMMs apply to higher-risk arts and sports classes, for more details please refer to the National Arts Council and SportSG advisories.
 - ii. Work-related events. Subject to the capacity limit of the room or facility, it may also be used for work-related events of up to 50 persons (excluding club staff). 7 Examples of how clubs can implement the SMMs include using a booking system to manage the number of individuals using a facility at any one time, or using CCTV surveillance or patrolling security (where available) to monitor the use of common facilities.

Rules that Individuals Must Comply With
