## DETAILS OF PRE-APPROVED DIGITAL SOLUTION

Company	AUK INDUSTRIES PTE. LTD.
Digital Solution Name & Version Number <sup>1</sup>	Auk Edge IoT Device and Auk Industrial IoT Analytics Platform - Scale-up Kit (Business)
	- 12mths
Appointment Period	21 January 2021 to 20 January 2022
Extended Appointment Period <sup>2</sup>	21 January 2022 to 20 January 2023
wef. 30 September 2021	

Standard Packaged Solution (ie. Minimum items to be purchased)

1) Software       [12-months] Ops-Analytics Dashboard and Database hosing per divelocit [0: 50 node units) (in effect from PO date) (subscription the: Business Business Ther limits:       business Ther limits:       business Ther limits:         1) Subscription the: Business Business There in the the stores of the the stores of the the stores of the store of the stores of the store of the stores of the stores of the store of the stores of the store of the stores of the store	Cost Item	Unit Cost (\$)	Unit	Quantity	Subtotal (\$)	Qualifying Cost * (\$)
Auk Industrial IoT Gateway - Hardware, Firmware & Configuration       per unit       1.00         Auk Industrial IoT Edge Node - Hardware, Firmware (50 node units)       per unit       50.00         Auk Relay Node c/w VDC PSU - Hardware, Firmware (3 relay node units)       per unit       50.00         3) Professional Services Not Applicable       per unit       3.00         4) Training [Half-Day] Technical training and software analytics user training (2 half-day session for 50 node units) - Technical deployment training assions for 50 note units) - Technical deployment training assion for 50 note units) - Setting up of software dashboard - Software dashboard - Software analytics user training and support *Unit price is only applicable to connecting to output signals (e.g. serial communication) will incur a non-recurring engineering (NRE) fee which will be additional and on tincluded in this quotation. *AddItional accessories and peripheral devices not included. *'dentification of connection points will be done by client *'Vitual training via video conference will be conducted in place of on-site training should there be any travel and/or safe distancing restrictions       2.00	<ul> <li>[12-months] Ops-Analytics Dashboard and Database hosting per device (for 50 node units) (in effect from DO date)</li> <li>Subscription tier: Business</li> <li>Business Tier limits: <ul> <li>Max concurrent streaming sessions capped at 3 per node license.</li> <li>Data storage capped at 20 million messages per active node license, stored for up to 6 years. Further extendable with fee.</li> <li>SMS notifications capped at 20 messages/node/month (quota non-sharable)</li> <li>Whatsapp notifications capped at 20 messages/node/month (quota non-sharable)</li> <li>Email notifications capped at 100</li> </ul> </li> </ul>		per unit	50.00		
(30 node units)       Auk Relay Node c/w VDC PSU - Hardware, Firmware (3 relay node units)       per unit       3.00         3) Professional Services Not Applicable       per unit       3.00         4) Training (Half-Day) Technical training and software analytics user training (2 half-day sessions of 50 node units) - Technical deployment training session - Auk Gateway and Auk Edge Node network configuration and setup       auk Gateway and Auk Edge Node network configuration and setup       per session         • Software analytics user training and support *Unit price is only applicable to connecting to output signals in the form of 0-10Vdc, 0 or 24Vdc, 1-5Vdc and 4-20mA. Any connection involving other forms of output signals (e.g. serial communication) will incur a non-recurring engineering (NRE) fee which will be additional and not included in this quotation. *Additional accessories and peripheral devices not included.       per session       2.00         "Identification of connecting point will be done by client       "Virtual training will be done by client       and/or safe distancing restrictions	Auk Industrial IoT Gateway - Hardware, Firmware & Configuration Auk Industrial IoT Edge Node - Hardware, Firmware					
Not Applicable         4) Training         [Half-Day] Technical training and software analytics         user training (2 half-day sessions for 50 node units)         - Technical deployment training session         - Auk Gateway and Auk Edge Node network         configuration and setup         - Setting up of software dashboard         - Software analytics user training and support         *Unit price is only applicable to connecting to output signals in the form of 0-10Vdc, 0 or 24Vdc, 1-5Vdc and 4-20mA. Any connection involving other forms of output signals (e.g. serial communication) will be additional and not included in this quotation.         *Additional accessories and peripheral devices not included.         *Identification of connection points will be done by client         *Virtual training via video conference will be conducted in place of on-site training should there be any travel and/or safe distancing restrictions	Auk Relay Node c/w VDC PSU - Hardware, Firmware (3 relay node units)			3.00		
Not Applicable	<ul> <li>Not Applicable</li> <li>4) Training <ul> <li>[Half-Day] Technical training and software analytics user training (2 half-day sessions for 50 node units) <ul> <li>Technical deployment training session</li> <li>Auk Gateway and Auk Edge Node network configuration and setup</li> <li>Setting up of software dashboard</li> <li>Software analytics user training and support</li> <li>*Unit price is only applicable to connecting to output signals in the form of 0-10Vdc, 0 or 24Vdc, 1-5Vdc and 4-20mA. Any connection involving other forms of output signals (e.g. serial communication) will incur a non-recurring engineering (NRE) fee which will be additional and not included in this quotation.</li> <li>*Additional accessories and peripheral devices not included.</li> <li>*Identification of connection points will be done by client</li> <li>*Virtual training via video conference will be conducted in place of on-site training should there be any travel and/or safe distancing restrictions</li> </ul> </li> </ul></li></ul>		per session	2.00		

A higher upgrade of the software version is acceptable, for example solution version 3.x allow anything from 3.0 to 3.99999

<sup>4</sup> As specified in the Letter of Appointment, IMDA may exercise the option to extend the Appointment Duration

for an additional one-year ("Extended Appointment Period")

\* Qualifying cost refers to the supportable cost to be co-funded under the grant
