Company	TUV SUD PSB Pte Ltd
Digital Solution Name & Version Number ¹	Cyber Attack Surface Screening and Assessment Services Version 1 - Penetration Testing: Web App Grey-Box (Limited Scope)
Appointment Period	1 June 2020 to 31 March 2021

Standard Packaged Solution (ie. Minimum items to be purchased)

1) Software / Subscription fee Not Applicable 2) Hardware Not Applicable 3) Professional Services Web App Grey-Box (Limited Scope) Service Overview: 1. A lightweight service as compared to full-scope penetration test, having a fast turnaround period; 2. Test the login mechanism and session management of the web application; 3. Ensure the first line of defence of the application will not be easily compromised by malicious attackers; 4. Credentials of user account will be provided by the client for the grey-box approach testing; 5. The solution can be used to assure customers that their user accounts are unlikely to be breached by attackers and their personal data in the application can be kept secure. Deliverables: 1. Report indicates the findings, steps to replicate the findings, risk rating and recommended solution(s) for each finding; Notes: 1. The scope starts from 1 WebApp. Cost will increase at \$\$6000.00 per WebApp 2. For scope above 3 WebApps, price will vary based on project requirement. 4) Training Not Applicable	Cost Item		Unit Cost (S\$)	Unit	Quantity	Subtotal (S\$)	Qualifying Cost * (S\$)
